Ontario Crane Training Schools

Ontario Crane Training Schools - Our different Mobile Crane Operation programs are meant for skilled operators who requires re-certification or certification, and for inexperienced people who are searching for their very first work as a crane operator. Business demand for certified crane operators is high all around the nation. Crane operator positions are in demand because of their high rates of pay. Operators of cranes are among the highest paid of whichever operator of heavy machinery.

Our Crane Operator training offers instruction for different mobile cranes. Course content comprises Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Signaling, Load Charts and Rigging.

The program is most suitable for crane riggers, operators as well as their supervisors. The materials included in the course would comprise a guidebook and numerous useful handouts. The illustrated safety instruction manual features 100 to 250 pages, that depends on the course, of helpful and essential material. Course materials consist of load exercises and load charts for the crane with which the trainee is working.

More than half of the course comprises Hands-On Safety Training. Practical training is effective for developing and increasing personnel skills levels. Only skilled journeyman crane instructors are chosen to teach the courses. Our instructors possess many years of business experience.

For all the course we provide, we can include optional testing mechanisms to customize your training. A test for skills is normally administered for programs that comprise H.O.S.T. Individuals training would be graded and tested.

We offer certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; Certification & Testing; and In-The-Seat Training.
